CHAPTER 1

# Introduction to Beacon

# 1 Beacon Overview

The Beacon application is made up of a suite of modules; this module is Beacon Library. For more information refer to www.CooleyCore.com.

## 1.1 Beacon Library MTL Overview

Beacon Library is the next generation solution to importing SmartPlant Instrumentation ® (*SPI*) Wiring Module Reference Library items. Beacon Library MTL is currently made up of **105** standard representations of MTL, MTL- Relcom, and BEKA Foundation Fieldbus products.

'Beacon Library MTL' supersedes the previously published application known as 'Beacon Stock'. All past products offered within 'Beacon Stock' have been incorporated into Beacon Library MTL along with many new products. Refer to the **Beacon Library MTL User Manual**, **Appendix A** for details.

CHAPTER 2

# Beacon Library MTL Software

# 2 Beacon Library MTL Software

Beacon is a Windows desktop application configured to directly connect to the target SPI database.

## 2.1 Beacon System Requirements

Beacon minimum requirements:

- Windows XP, Windows Vista, or Windows 7 (32 bit)
- .Net 2.0 Framework
- Adobe Reader (required to read the User Manual)
- Full read/write permissions to the installed **CooleyCore** parent folder and its subfolders.

## 2.2 Beacon SPI Compatibility

Beacon is compatible with SPI v. 7, v.2007, and v.2009 Service Pack 4 inclusive.
Beacon is not compatible with Sybase Adaptive Anywhere Watcom databases.

## 2.3 Beacon Library MTL Licensing

CooleyCore Associates Inc. has sole ownership rights to the Beacon Library MTL software.

MTL Instruments has sole ownership rights pertaining to the representation of the MTL, MTL-RELCOM, and BEKA products offered in this Library.

The end user is granted a royalty free license with unlimited direct usage of Beacon Library MTL by MTL Instruments and CooleyCore Associates Inc. NO rights to redistribution; reverse engineering or inclusion in other products or usage without the express written permission of MTL Instruments or CooleyCore Associates Inc. is permitted.

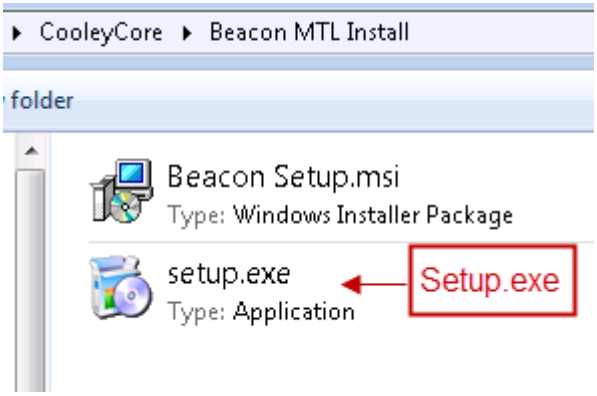
CHAPTER 3

# Installation Procedure

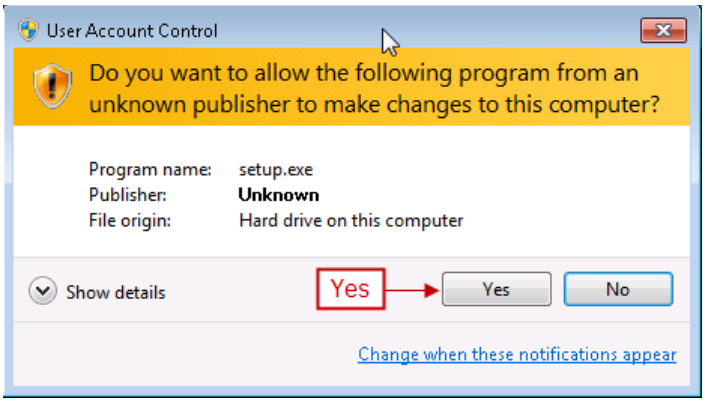
# 3 Installation Procedure

This section of the manual is dedicated to capturing the installation procedure.

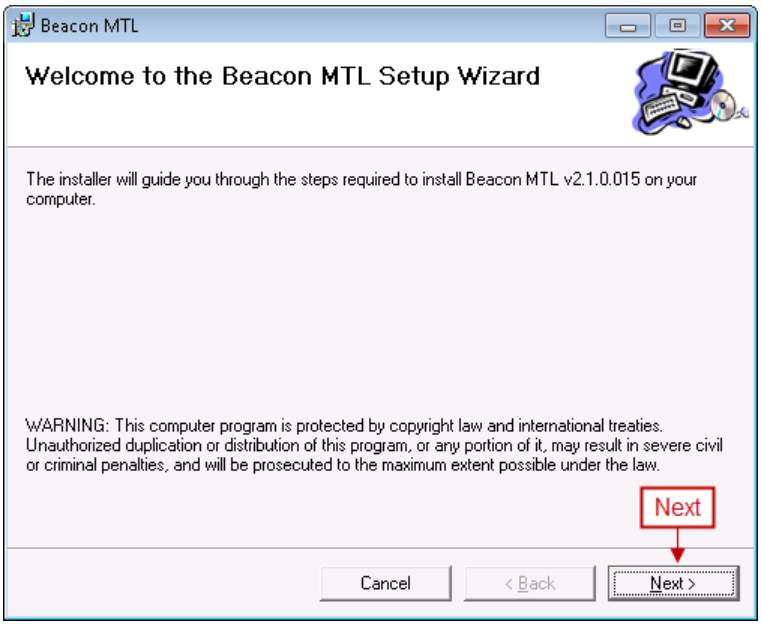
3.1 Run the **setup.exe**.



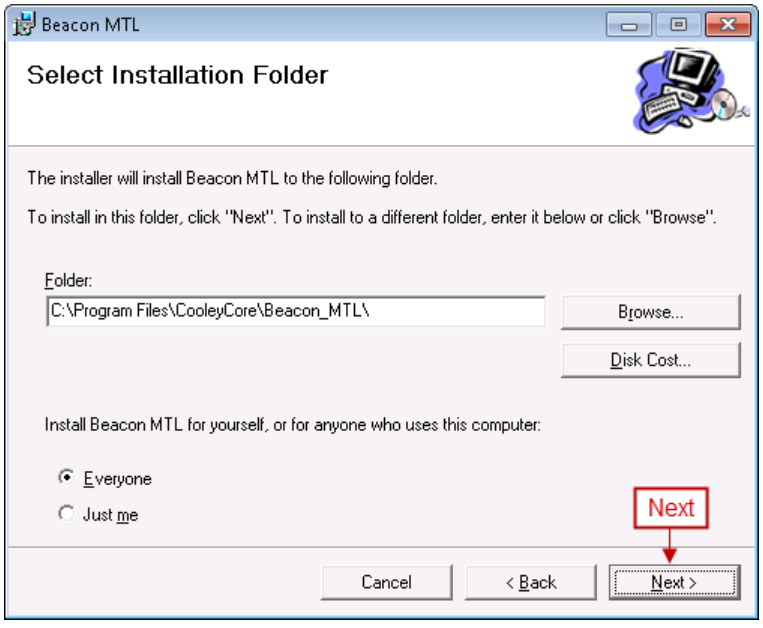
3.2 Windows 7 security on your desktop machine may result in the following **User Account Control** interface appearing. If the interface does appear, select '**Yes**'. Note this message will not appear within previous versions of the Windows operating system.



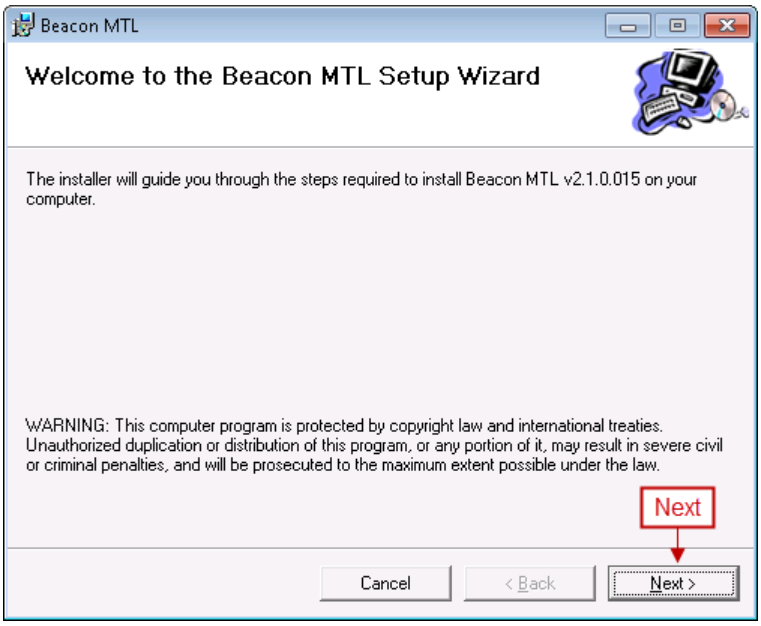
3.3 Select '**Next**' on the Welcome Wizard interface.

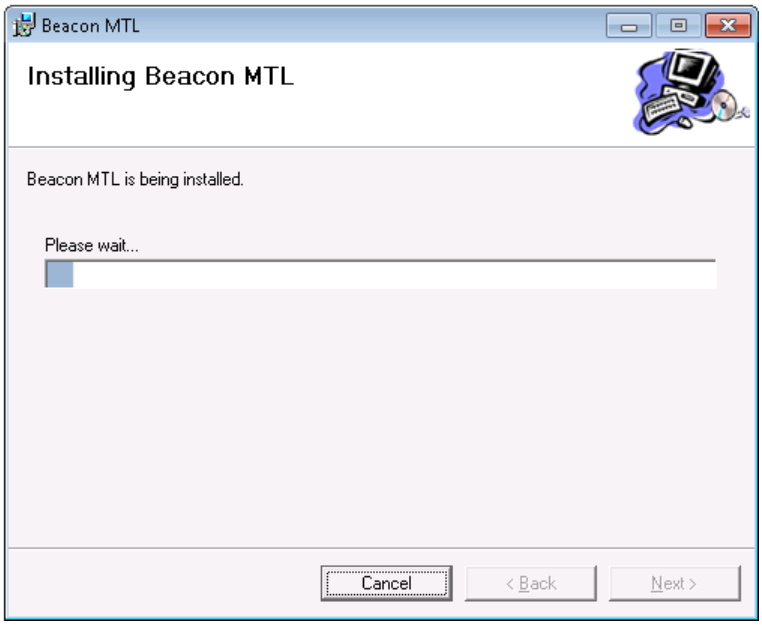


3.4 Browse to a location for the application to be installed. Select '**Next**'.

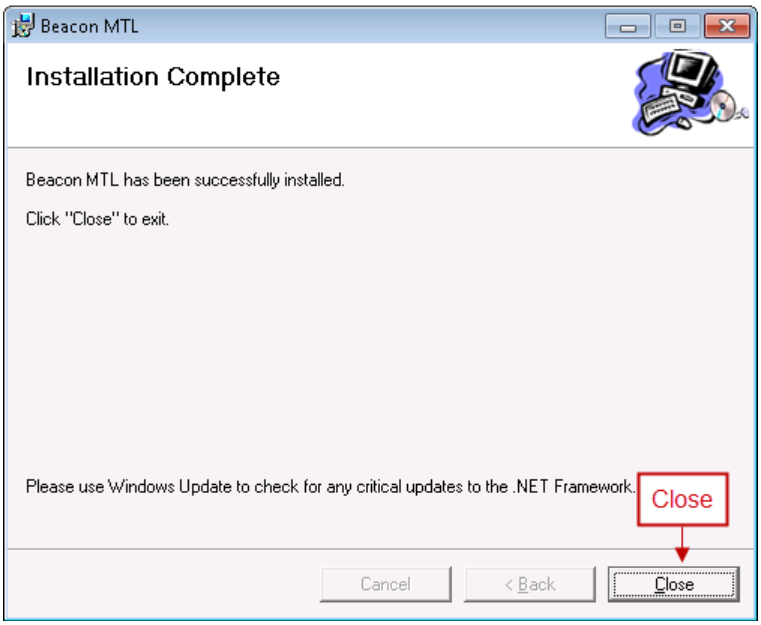


3.5 Select '**Next**' to continue with the install on to the desktop computer.

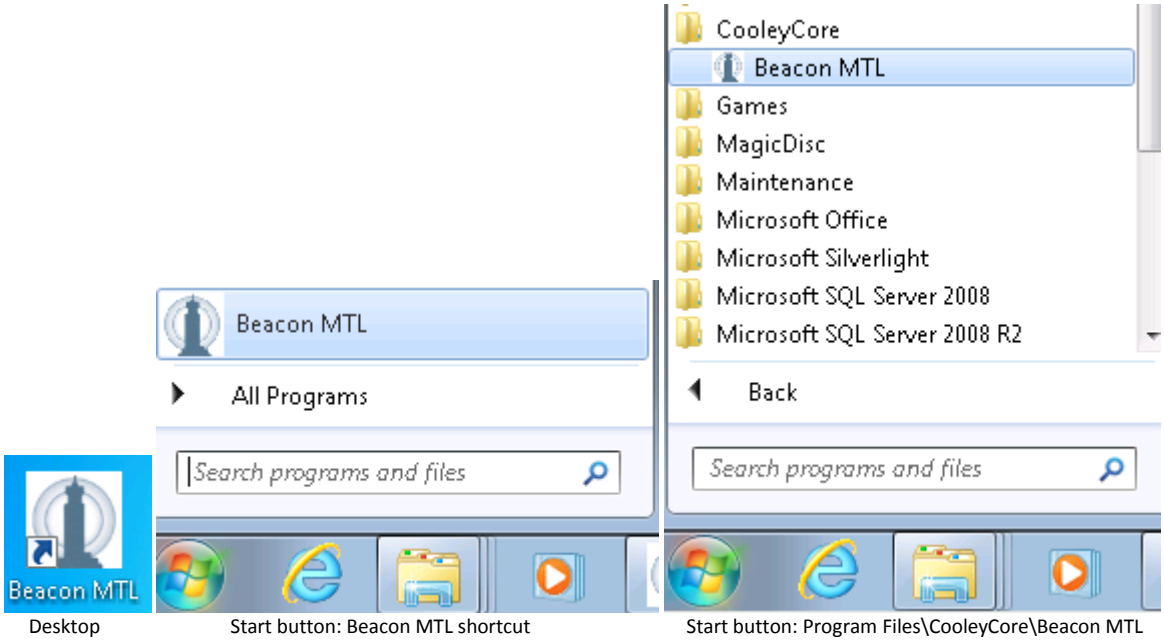




3.6 The install has completed. Select '**Close**' to close the setup.exe install program.



3.7 The install should result in a shortcuts being added to the Desktop, and the Start menu.



Desktop | Start button: Beacon MTL shortcut | Start button: Program Files\CooleyCore\Beacon MTL

For details pertaining to the database connection configuration process and user instructions please refer to the **Beacon MTL Library User Manual**.

CHAPTER 4

# Uninstall Procedure

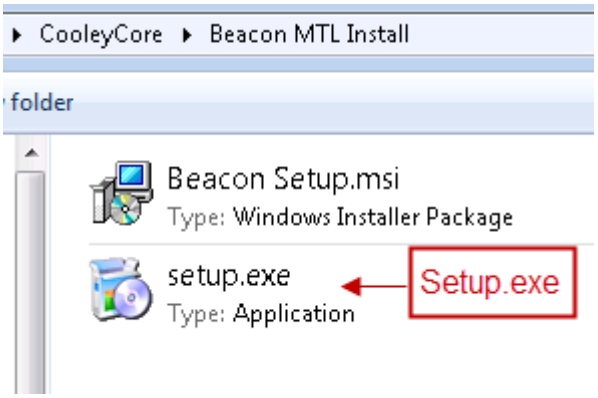
# 4 Uninstall Procedure

This section of the manual is dedicated to capturing the uninstall procedure. There are two options with regards to uninstalling Beacon Library MTL.

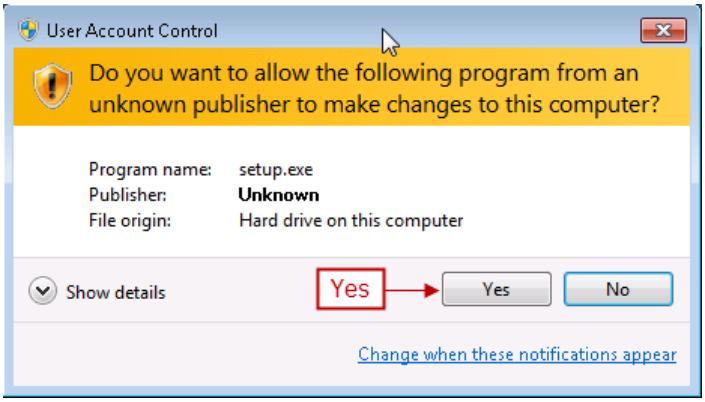
a. Windows Control Panel -> remove program

b. Beacon MTL '**setup.exe'** – The detailed instructions captured in this document outline the steps involved with using the Beacon MTL '**setup.exe**'.

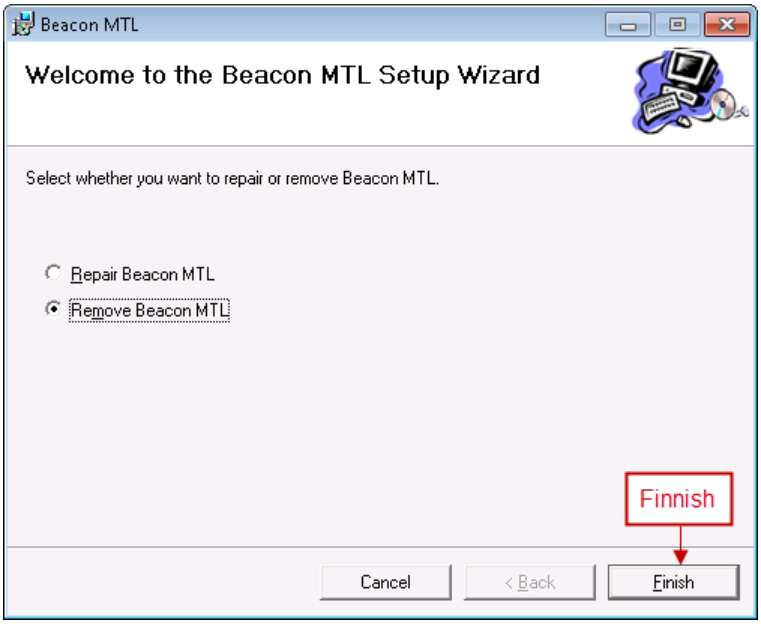
4.1 Run the **setup.exe**.

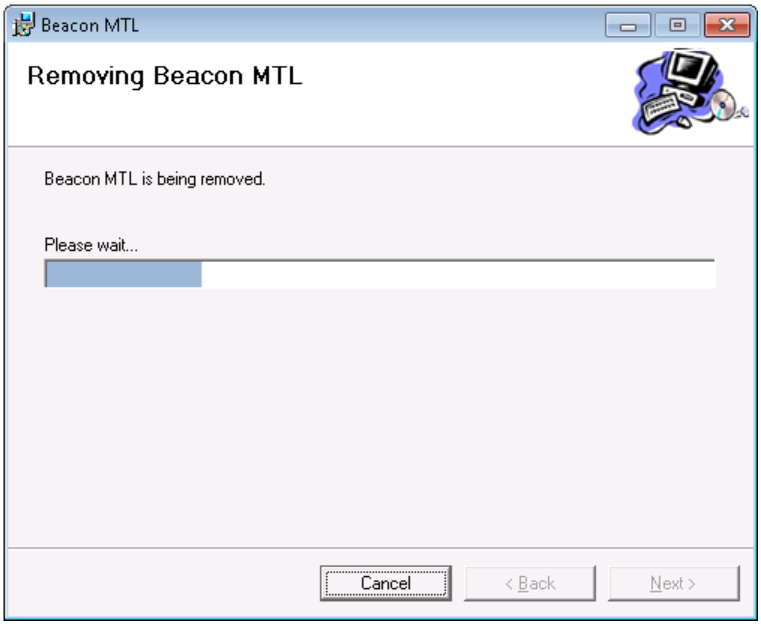


4.2 Windows 7 security on your desktop machine may result in the following **User Account Control** interface appearing. If the interface does appear, select '**Yes**'. Note this message will not appear within previous versions of the Windows operating system.

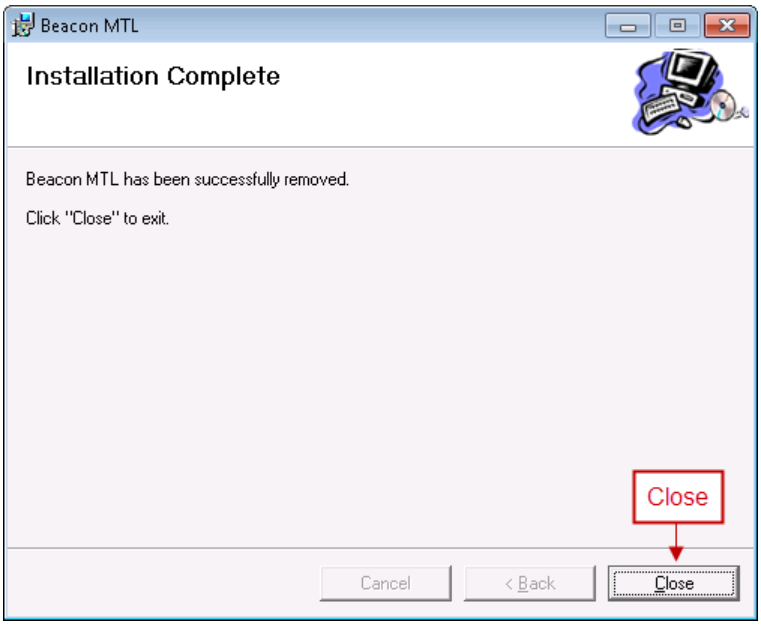


4.3 Select '**Remove Beacon MTL**' on the Welcome Wizard interface. Select '**Next**' to continue with the removal.





4.4 Uninstall has completed. Select '**Close**' to close the setup.exe uninstall program.



4.5 Previously installed shortcuts will be removed now from the Desktop, and the Start menu.

CHAPTER 5

# User Support

# 5 User Support

Open questions pertaining to the Product line are to be directed to MTL Instruments by either phone or email. Open questions pertaining to the use of the Beacon Library MTL software are to be directed to CooleyCore Associates Inc. When in doubt who to contact send an email or phone both companies.
