Powering Business Worldwide

Introducing a new and unique modular design concept - the **MTL GECMA RT** - a new generation of remote operating terminal.

New

What's critical to you, is critical to us.

The **MTL GECMA RT** has been designed packed full of features and state of the art technology. Suitable for the strictest of hygienic conditions and aggressive production environments, its slim, flexible modular construction also includes individually certified modules to allow safe maintenance even in hazardous areas.

Our Unique Modular Design Concept - Key Features

Unique and innovative platform concept, modular design saving time and cost during installation, commissioning and operation.

Lightweight, slimline design for optimisation of space and application.

Fibre optic or copper data transmission for cost effective, reliable and increased volume of data transfer.

Unique Intrinsically Safe and Alarm visualisation ensuring safe, continuous operation in the hazardous area.

Single line data transmission for simple, cost effective installation and reliable transmission.

DVI & USB interfaces /transparent USB for quick and flexible connectivity.

Reducing your plant costs
Optimising your productivity
Increasing your plant safety

For further information about the new MTL GECMA RT, please contact your local sales office or visit www.gecma.com
