

Compact, high performance protection of valuable processes

Powering Business Worldwide

The MTL SD Modular range

Plug-in to compact, high performance surge protection

Based on the proven reliability of our well-established MTL SD range, the **MTL SD Modular (SDM)** surge device adds additional features designed to add value to the user. This DIN-rail mounted, modular concept allows for quick and easy installation and maintenance and is unique when packaged with the compact 7mm footprint and market leading 20kA level of protection.

The SDM range has many globally-recognised certifications and is available in 7v, 16v, 32v and 55v variants, representing a significant step forward in surge protection suited to a wide variety of process control applications. This latest addition complements our wide range of MTL surge protection solutions.

Surge protection for your valuable instrumentation and control systems

Reduces costs, optimises process up-time and enhances plant safety

Key features

➤ **Modular design concept**
for ease of maintenance

➤ **7mm slim-line width**
enabling high packing density

➤ **High-performing 20kA**
level of protection

➤ **Make before break** for
signal continuity

➤ **LED diagnostics option**
for quick, visual fault indication

➤ **Fuse and/or disconnect options**
for ease of test and commissioning

➤ **Backward compatibility**
for ease of upgrade

➤ **Proven multi-stage hybrid circuit**
for assured protection

MTL data surge tester

Eaton's MTL data surge tester is a versatile and compact, bench-top test device designed to give performance status of data communication surge protectors.

Continuity and current leakage tests of data surge devices are made quick and easy during routine maintenance, with LED's illuminating to indicate surge module health. These tests validate the integrity of the surge protection system, thus ensuring safety and a continuous high-level of protection.

For further information about Eaton's new MTL SD Modular range, please contact your local sales office or visit www.mtl-inst.com/sdm
